

AJIS

Merchandising Services

Annual client companies **2,500+**

Total number of stores serviced annually approx. **210,000+**

※Actual results in Japan

We don't have the manpower or time to check the stores.

Our popular product is not on the sales area! Is it out of stock?

I am concerned about the display of our products when I shop!

Our promotional tools are not attached to the sales area.

AJIS Merchandising Services can solve that problem!

MERCHANDISING

■ Replenishment

Replenish and display products to create an attractive sales area that grabs the attention of shoppers.

■ Category reset, New item cut-in

Category updates, shelf changes, etc. to create the selling area as planned.

MAINTENANCE

■ Cyclical maintenance

Installation/removal of novelties and digital advertisements perfectly executed as planned.

Perform scheduled patrols to replace parts, clean, and reboot devices.

DATA/RESERCH

■ Inventory count

Monitor proper inventory and update sales plan timely.

■ Customer Service Checks & Research

Objective evaluation of services from the shopper's viewpoint.

AJIS, which boasts an overwhelming track record in stock taking and retail support services in Japan, utilizes its know-how in this "problem-solving merchandising service". We regularly visit sales areas to report on actual conditions and solve problems on the spot. Store issues can be visualized in real time, reducing lost opportunities.
